

Participants will receive:

1:1 support from IPS Employment Specialists to rapidly find competitive employment that matches your interests and skills

On-going support once employed to help with any workplace concerns

Frequent in-person and telephone communication

Integrated mental health care

No changes to VA benefits

Contribution to research outcomes to better understand the impact of IPS services

George's Story

George is an Army Veteran who served in Iraq and Afghanistan. He participated in the Veterans CARE project in summer 2018. His IPS Employment Specialist, Anne, helped him find work as a research assistant.

"They care about you. They want to see you succeed. They want you to achieve beyond the military. It's just life doesn't stop after the military. There's a lot more that you have to offer society." — George

Veterans CARE Project

A VA implementation research initiative to help Veterans with PTSD find and keep good jobs

What Is Veterans CARE?

Veterans CARE is a VA implementation research initiative of Individual Placement Support (IPS) to help unemployed or underemployed Veterans with Post-Traumatic Stress Disorder (PTSD) in attaining competitive, compatible employment.

The program provides **Individual Placement and Support (IPS)**, an evidence-based approach to supported employment that emphasizes rapid job search that matches an individual's needs and preferences, alongside integrated mental health care.

IPS Employment Specialists work closely with participants' mental health care providers to ensure that employment opportunities match their needs.

Eligibility Criteria

- U.S. Military Veterans
- Under age of 62
- Service-connected disability with PTSD
- Unemployed or underemployed
- Desire to pursue competitive employment

Frequently Asked Questions

Will I lose my service-connected benefits by participating in this program?

VA benefits cannot be reduced, denied, or discontinued based on participation in this program. IPS Employment Specialists help Veterans obtain personalized, understandable, and accurate information about their VA, Social Security, Medicaid, and other government entitlements.

What if I have PTSD, but not a service-connection designation?

While this program is only open to Veterans with service-connected PTSD, we would be happy to connect with you if you are ineligible to discuss other programs for you to participate in.

Will my participation in this program be disclosed to employers?

Disclosure of PTSD diagnosis to employers would only happen with permission from the Veteran.
